BALAJI PULSES
Quality at its Best

Vision

To bond people with common language of food best in terms of taste, quality, aroma & nutrition.

Mission

To make India experience the true Indian flavours in its most authentic form that brings joy and happiness to the plates of all the family members.

Core Values

We believe in treating our customers with respect and faith. We grow through creativity, invention and innovation. We integrate honesty, integrity and business ethics into all aspects of our business.

COMPANY OVERVIEW

Welcome to the world of nutrition. Since 1985 we are engaged in processing and marketing of premium quality of pulses rich in taste, aroma and nutrition. We work tirelessly to process the raw pulse in the most possible natural environment to preserve its nutritional value. As the Indian agriculture changes, so do we. Openly. We do it for the farmers. For the people working for them. For ourselves. For the future.

We are into this field with its comprehensive infrastructural expertise to handle all kinds of pulses and cereals. Balaji Pulses provides full logistic support from procurement, quality control to guaranteed timely deliveries of products to different parts of India through a wide distribution network of regional offices nationwide.

Balaji Pulses is geared up to meet the challenges stemming from wide variations in quantity/ product range available besides broadening the commodity profile to ensure future sustainability of business growth.

THE DIRECTORS
